ABS: This class will work every angle of your core to define and sculpt the abdominals, obliques, and lower back. All experience levels welcome!

ABT (Abs, Buns, and Thighs)*: This class targets the abs, buns, & thighs to strengthen and improve core stability.

ACTIVE OLDER ADULTS CARDIO DANCE: Continuous movement for 30–40 minutes that includes low impact dance patterns with modifications, options to suit all fitness levels, and plus additional stretching at the end of class.

AQUA AEROBICS: Tone and sculpt your body with no impact to your joints. This popular water aerobics workout is a blend of cardio and resistance training incorporating buoyant water weights and noodles.

AQUA POWER HOUR: A mix of cardio and strength using various aqua exercise equipment. Class takes place in the shallow end where participants can stand up with your head above water, so no swimming skills are required.

BARRE*: Ballet-inspired including elements of Pilates, dance, yoga and functional training into the group workout. This combination of large, energizing movements and small, precise pulses goes beyond working the muscles you use every day to fire up the muscles easily overpassed.

BODYPUMP™*®: The original barbell class that will sculpt, tone, and strengthen your entire body by combining low weight loads with high repetition movements.

BOOTCAMP*: This class combines both strength and cardiovascular training to give participants a challenging, but rewarding, full-body workout. It incorporates functional resistance training and bodyweight exercises in a high intensity interval training (HIIT) format.

CARDIO CORE*: This quick and convenient class gets the heart going with high intensity bursts followed by a period of active recovery. Finish off the workout by honing in on the core, targeting the abdominal muscles to help with balance and stabilization.

CYCLING: Raise your heart rate and pedal through all aspects of the road—flats, hills, sprints and other challenging drills! Numbers listed on the class schedule indicate length of the class time. All levels welcome.

CYCLE RPM: With great music pumping and the group cycling as one, your instructor takes you on a journey of hill climbs, sprints and flat riding. You control your own resistance levels and speed so you can build up your fitness level over time. It’s a journey, not a race!

STRONG BY ZUMBA®: In every class, music and moves sync in a way that push participants past their perceived limits. Using body weight, participants will complete high intensity interval training exercises to improve muscular endurance, tone and definition.

VIXEN WORKOUT: A cardio dance class created for female empowerment. With the lights off and colorful stage lighting on, women will complete intense muscle toning movements hidden by clever choreography set to hip-hop and other popular songs.

ZUMBA®: Once the Latin and World rhythms take over, you’ll see why Zumba® Fitness classes are often called exercise in disguise.
